

## **Brenda Wabwile.**

My name is Brenda Wabwile. I was born in October 23<sup>rd</sup> 2008. I have two sisters and a brother. I was born in Sang'alo in Bungoma County. I am the second born in a family of 4. I have both parents at home.

I went to Sang'alo primary School. I have never been a boarder in my former primary school. When I was in grade 8, the principal asked everyone to move to school but it was all in vain for me because my dad couldn't raise the money the principal asked us to pay. I relied mostly on reading at home in both evening and early morning before I could go to school. Thank goodness, I scored highly by attaining 382 marks out of 500. Indeed hard work never goes unrewarded.

My favorite subjects are mathematics and biology. When I grow up I would like to become a pharmacist. I want to prescribe drugs for sick people and open up my own chemist and sell to them.

I like playing netball during my free time. I just play for fun. I am hoping to play while am at Living Hope and even compete with other schools.

My prayer is that; God, friends and well-wishers will help me achieve this dream. I am praying that someone with a big heart will want to sponsor me.

God bless everyone.
