

Jonathan Wabwile.

My name is Jonathan Wabwile. I was born on 7th august 2008. I am fourteen years old. I have had a lot of challenges growing up. To mention but a few, my parents divorced when I was young and parted in ways completely. It is my grandmother who brought me up to this point. It was really difficult for me. Both parents and my grandmother could not raise my school fee and therefore I was irregularly present at school due to huge fee balances.

It is my dad who showed his utmost love to me that, irrespective he never had funds, he struggled to pay in bits until I finally finished my primary education. I scored 377 marks out of the possible 500. I am so grateful to God for what He has been doing in my life especially with regards to education.

My favorite subject is English. I want to become a teacher in the future when I grow up and help my family and neighbors. My prayer is to find someone who can sponsor me so that I can continue with my education until I achieve my dreams and I will be so

grateful for that. I will so happy if you will consider me for this.

May God bless you abundantly.
